

# SLEDGE HAMMERS

- A well balanced versatile sledge hammer for building, construction and demolition work
- Hardened and tempered faces for durability and longevity
- Our hammers are either secured to our tough Australian hardwood handles or pinned through the steel core fibreglass handle for added safety
- Comfortable, thick rubber grip for better protection from shock and vibration

#### Why Support Mumme Tools?

At Mumme Tools we are proud supporters of local Australian made products.

Our workshop, located in Lonsdale, South Australia is operated by skilled craftspeople that take pride in the quality products they make.

Our products are made tough, thanks to a passion for hand forging, pressing, grinding and packing here in Australia. All whilst using premium materials.

The quality speaks for itself with our range preferred by industry professionals.
