GUTTER BRUSH

Rack Off® Gutter Brush is a twist wire brush in lengths of 1 metre that are placed in your roof gutter to prevent leaves, dirt and plant matter from getting into your guttering. Easy to install, Gutter Brush can be placed end to end, can be bent to go around the corners of your guttering to provide continuous gutter protection. Great for blocking open gaps in your roofline, to keep out pests.

Available in 2 profiles: 110mm dia. and 125mm dia. Contact us directly for special box price.

HAND CAR WASH SOAP FOAMING GUN

Perfect for cleaning the car, 4WD, boat, caravan, bus or truck, even your dog or horse!

With the addition of a foaming detergent, our Soap Foaming Wash Tool gives you a great clean from it's thick, rich foaming action. It is designed to cover the surface with a thick layer of foam which breaks down the dirt reducing the need for harsh brushing. Saving you TIME and WATER.
