TAKE THE STEP WITH CONFIDENCE

Our new FastFit Walkway and Guardrail systems are designed to enable access to a multitude of scenarios forming a complete fall protection system.

-  Heavy duty posts for longer spans, reducing the number of posts required.
-  Lightweight modular and fully adjustable systems.
-  Heavy gauge aluminium for superior strength.
-  Simple components for quick and easy installation
-  Strong sturdy compliant system, backed with comprehensive installation guides and technical support.
-  Complies with AS1657:2018 standards.

SafetyLink will provide you with the following:

-  All products tested and manufactured to the current Standards.
-  All distributors and installers are trained to use SafetyLink products.
-  Supply installation guides, testing results and product sheets.
-  Layout Design Service providing compliant roof safety systems.
-  Supply a large range of safety systems that protect you from the ground up, allowing complete access to your roof.
-  Installers are qualified to do yearly inspections on your safety system as per the current Standards.
