Icons

Topmount sinks

Suitable for installation above the bench top where the sink is inserted into the cut out. Topmount installation is suitable for all bench tops.

Undermount sinks

Suitable for installation below the bench top and is most often chosen for solid surfaces such as granite.

Flushmount sinks

Suitable for installation above the bench top in a routed edge so the top of the sink and bench top sit flush. Must be installed by a professional.

Alfresco

Sinks ideal for alfresco entertaining.

Laundry

Sinks ideal for use in the laundry.

Environmental Statement

This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

International Products

Selected Oliveri sinks, accessories and taps are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to oliveri.com.au for warranty details.

Featured products:
Diaz sink (DZ101) and Pepe swivel mixer (PT2010C)

FROM HUMBLE BEGINNINGS, WE'VE TAKEN OLIVERI TO THE WORLD.

We've come a long way from an unassuming suburban factory where our business began way back in 1947. It was at Watkins and Starr, now Oliveri Solutions, a modest domestic metal fabricator in Adelaide, South Australia, that a highly skilled and dedicated team pioneered the deep drawing process in Australia.

It was the beginning of something extraordinary. Today, Oliveri is Australia's only commercial pressed bowl sink manufacturer and one of this country's best home grown success stories.

Our design expertise and commitment to quality continue. We now import and distribute a wide range of taps, sinks, water filters, and bathroom products across Australia.

The vast range and superior design of our sinks and taps are enjoyed by homeowners and the Oliveri name continues to be synonymous with style, quality, and home grown success.

Did you know?

Our founders decided on the name 'Oliveri' in a local Adelaide restaurant, by voting on names written on napkins. The accent in Oliveri is the tick that sealed the deal!

DECISIONS. DECISIONS.

Here's our step-by-step guide to selecting the right sink and tap for you.

Selecting the right sink /

Installation

Topmount sinks are installed above the bench top, undermount below, and flushmount are installed flush with the bench top. We recommend you go for a topmount sink when using a laminate benchtop.

Cabinet size

Check that your cabinet is wide enough (left to right) and deep enough (front to back) to accommodate your chosen sink.

Configuration

How many bowls do you want? How many drainers, if any at all? And do you want the bowl on the left or right hand side?

Finish

Sinks come in polished, brushed and coloured stainless steel as well as granite finishes.

Bowl size

Do you want deep bowls for submerging baking trays and other cooking utensils? Or do you just need enough space to wash dishes too fragile for the dishwasher?

Pressed or fabricated

Pressed bowls are made from drawing the shape of the bowl out of a sheet of stainless steel, while fabricated bowls are made by folding their shape and welding their sides. Generally fabricated sinks will allow for tight radius edges, while pressed bowls will have a rounder, more traditional shape.

Scratch Prevention

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, etc, and will undoubtedly incur scratching. Over time, scratches in steel will appear less obvious as the sink develops its own unique finish. We recommend using bowl and surface protectors to help with scratching.

Tap integration

Do you need a big tap landing for multiple taps? Or do you prefer a sleeker look with no tap landing?

Accessories

Check what custom made accessories are available for your sink, on pages 38 to 41, to make the most of your sink space.

Warranty & service

All Oliveri sinks have a lifetime manufacturer's warranty*. For more information visit oliveri.com.au

Featured products:
Santorini granite sink (ST-BL1520) and
Vilo pull out spray mixer (VT0426B-ST-BL)

Selecting the right tap /

Quality /

- Trusted name**
 Look for a reputable brand that supplies quality products that comply with Australian Standards.

- Warranty**
 Compare warranties across products and look for the brand with the most confidence in their products. Oliveri taps come with a 10 - 15 year warranty*.

- Watermark**
 Ensure that the tap you are purchasing has the Watermark Logo (you can usually find it at the back of the tap). This confirms that the tap complies with Australian Standards.

- WELS Rating**
 This rating is designed by the Australian government to indicate the water efficiency of taps and other water related products. The higher the star rating (out of 6) the more water efficient it is.

Design /

- Goose neck vs. single lever tap**
 Goose neck taps make a grand statement in your kitchen, while a single lever tap is simple in design, offering a low-profile look.

- Finish**
 Today, kitchen taps come in an array of finishes from polished chrome to matte black and white. Choose a finish that compliments the rest of your kitchen appliances.

Functionality /

- Spray and select button**
 Some mixers have an easy-flick button that changes the water pressure from high pressure to shower spray. You can also choose a select button that allows you to stop and start the water flow.

- Water pressure**
 Be sure to check that your water pressure is compatible with the guides specified within your warranty.

- Pull out mixer**
 A pull our mixer adds new functionality to your kitchen tap. The pull out gives you extra reach and is particularly helpful when filling pots and vases.

Featured products /
Santorini sink: ST-BI1566GT
Vilo pull out mixer: VT0398C-ST-BL

This showstopper is constructed from 80% granite and quartz, 20% resin, making it a rock solid performer for your modern kitchen.

Features /

Italian made 
Santorini sinks are made in Italy to ensure premium quality and reliability.

Yours for life
This rock solid sink comes with a lifetime manufacturer's warranty* for your peace of mind.

Scratch resistant
This resilient sink is ready to battle your knives and forks. If it does scratch, you can buff them out.

Heat resistant[^]
The granite is able to withstand thermal shocks and is heat resistant up to 280°C.

Easy to clean
An active agent in the sink resists limescale making it easy to clean.

Heat and sound insulation
Helps maintain the water temperature and absorbs noise.

Sustainability

**At Oliveri, sustainability is a core value.
We design products to stand the test of time.**

We are proud of our ISO 14001 certification, the international standard for effective environmental management, which we earned through our long-term commitment to sustainability.

We work with sustainable materials and operate on zero waste to landfill at our Adelaide factory. The durability of our long-lasting products also ensures a reduction in waste.

Our products are designed to stand the test of time. Our kitchen sinks come with a lifetime manufacturer's warranty and our tapware feature warranties lasting up to 15 years.

Every drop counts

All materials used in our bathroom packaging is 100% recyclable, and we are well on the way to ensuring all our kitchen packaging meets these same standards.

No more wash day blues. Choose the right sink and tap for your laundry /

The Sink

In addition to our traditional, purpose-built laundry tubs, other sinks may be considered suitable for use in the laundry. Look for a single deep bowl for soaking clothes or filling buckets. If space is limited, go for a standard single bowl kitchen sink.

Colour

Brighten up your laundry with some colour. This can be done with one of our copper Spectra or black Santorini sinks or maybe with a black or white Vilo mixer tap.

Bench depth

Make sure your bench is deep enough for your sink. 600mm is the standard depth of a kitchen bench; however this is often not enough for a big laundry tub. Laundry sinks are generally bigger than kitchen sinks, and you'll have hoses tucked in behind your washing machine. We recommend a minimum 650mm deep benchtop in the laundry.

Cabinet width

You'll also need to consider the size of your cabinets, as laundry sinks are normally larger than kitchen sinks. A large laundry tub may require even more space, for example the Oliveri TI70 laundry tub needs a minimum cabinet width of 700mm.

Pull-out and spray mixer taps

A mixer tap with a pull out spray provides a little extra reach and makes for easy cleaning of the sink or washing clothes and is super handy when filling the mop bucket.

Overflow option

Overflow and Bypass plumbing

The Oliveri Laundry range is available with an overflow and bypass plumbing option. An overflow can safeguard against accidental overfilling, while the bypass plumbing will allow washing machine grey water to enter the drain even while the tub is in use.

Torrens

Features /

Australian Engineering

Torrens is the perfect pairing of quality Australian engineering and superior European components and parts. With a local design and test team behind this range, you can be confident they're specified to the highest standard and built to last.

German Made Cartridge

Each Torrens tap has a premium ceramic disc cartridge with brass housing for increased longevity.

Durable Finish

Torrens' durable chrome finish is the easy clean choice. Just a gentle wipe with a soft cloth and warm soapy water means you'll get that mirror-finish, every time.

Peace of Mind

Our products are made to last, so we've backed every single tap in the Torrens range with a 10-year warranty for your peace of mind.*

Oliveri offers an exclusive range of premium Hansgrohe taps, featuring innovative design and solid engineering. The German made Hansgrohe taps add style and simplicity to every setting.

Hansgrohe taps are water efficient, practical and come complete with a **15 year warranty***.

Our beautiful range of Hansgrohe taps includes the popular Metris Select 320, available with or without a pull out spout.

Select Button

A simple press regulates the water flow: Switching on and off with ease.

Comfort Zone

Defines the height, side clearance, and – with pull out function – the length of the space around the mixer.

Air Power

Combines water with a generous amount of air. For an especially homogenous and splash-free water spray.

Quick Clean

Limescale deposits are simply wiped away by rubbing a finger over the flexible silicone slats.

Water Filters

Pure filtered water in your own home? **Now that's refreshing.**

Features /

Filter change alarm monitor

Included filter change alarm monitor will remind you to change the filter after 12 months.

Easy to change cartridges

Simple bayonet style connection means cartridges are easy to change.

Limescale reduction

Helps to prevent the build-up of limescale.

Inline, satellite or 3 way

Choose an inline system to filter through your existing mixer, a satellite system to filter through a designer satellite filter tap or select a filter connection kit to connect to a 3 way mixer (sold separately) or existing satellite tap.

Harsh water option

Inline systems are available for homes in 'hard' or 'harsh' water areas.

Latest technology

The latest carbon block technology absorbs chlorine, bad tastes, odours, dirt, rust and cysts** (e.g. giardia and cryptosporidium).

Easy installation

Suitable for horizontal or vertical installation with an easy to install, space saving design.

Warranty

6 year warranty and after sales service for confidence and peace of mind.

Capacity

Inline cartridges have a capacity of 56,700 litres or one year, whichever comes first†. 3 Way Mixer Tap or Satellite Filter Tap Replacement Cartridges have a capacity of 9,450 litres or one year, whichever comes first†.

** Cysts blocked by 1 micron filtration systems only.

† Filter Cartridge life is subject to incoming water pressure, water flow and water quality.

Satellite Water Filtration Systems /

Filters mains water through a designer satellite filter tap.

AT THE
HEART
OF AUSSIE
HOMES
FOR 75
YEARS.

Home.

Where dinners are made,
problems solved, secrets told.

Where days begin and end,
chores get done, love and laughter hold.

Where moments matter more.
