MULTI CAP

TUFFGARD

CLEARVIEW hard hats

CLEARVIEW – Patent AU2013101096

Fully Australian Owned – CLEARVIEW is designed, developed and manufactured entirely in Australia.

- The improved modern design of the attachment slot allows the **CLEARVIEW** helmet to accept most general 25mm and 30mm attachments that are in the marketplace (cap attachable earmuffs, visor holder, etc).
- Made from **high impact Polycarbonate**
- Extra strong and robust, yet light weight
- The **CLEARVIEW** caps are designed to be translucent with a see through peak
- The see through peak allows the wearer to look upwards without the need to tilt the head back, causing discomfort in the neck over a prolonged period of time
- CLEARVIEW** also stops the need for the wearer to reverse the head harness in the helmet which normally allows the wearer to have clearer vision while looking upwards
- This new **CLEARVIEW** range was designed so the wearer has a clear view looking through the helmet peak - allowing for safer working conditions and a much safer working environment
- CLEARVIEW** has:
 - Adjustable 6 point terylene harness or poly cradle.
 - Rain guard with reinforced peak.
 - Miners Helmet available, with metal or plastic lamp bracket.
 - Wide colour range - with logo printing available in up to 8 locations.
- CLEARVIEW** is available in vented and non vented designs.
- CLEARVIEW** is available in a wide range of exciting translucent colours
- CLEARVIEW** is fully **Standards approved to AS/NZS 1801**
- The **CLEARVIEW** range is **UV400 stabilized** and is suitable for indoor or outdoor use.
- CLEARVIEW** is the new future of Hard Hats
- Made in Australia**

Safe, practical, colourful and fashionable – **CLEARVIEW**

THE NEXT GENERATION IN HARD HATS

CROC GRIP – single / twin pack

Multi Purpose Extra large jaws hold small to extra-large gloves
Strong tension for heavier gloves or articles
Unique centre safety break device plus replacement
Non-conductor of electricity

The SSA Croc Grip is ideal for use in work domestic environments:

Automotive
Industrial
Electrical
Construction
Mining
Forestry
Food/Hospitality
Emergency Services
DIY/Home handyman
... the list is endless!

Made in Australia

The centre safety break device protects the user by breaking at an engineered pressure if the article which the Grip is attached to becomes jammed or snagged in machinery. This will minimise the potential for injury.

ELECTRICAL SUSPENSION HOOK - 5 Pack

Electrical Suspension Hook

- Electrical Suspension Hangers are used for suspending electrical leads and cables on worksites helping to reduce the risk of tripping and falling
- Electrical Suspension Hangers are rated to hold a maximum weight of 10 kilograms. Joining multiple Cable Grips together does not increase the maximum holding weight
- Electrical Suspension Hangers can be used in both industrial and commercial areas, it is the solution to numerous hanging problems
- **Made in Australia**

MULTI PURPOSE SUSPENSION HOOK - Twin Pack

Multi Purpose Suspension Hook

- Cable Grip is a multi purpose suspension hook
- Cable Grip is designed to hang just about anywhere – garage, shed, workshop, office or working environment
- Cable grip can be used around your home or workplace
- Cable grip is a non conductor of electricity.
- Detachable support bracket included to install Cable Grip to timber, plaster board, metal or concrete with correct anchors
- Cable Grip suspension hangers are used for suspending electrical leads and cables on worksites helping to reduce the risk of tripping and falling
- Cable grip can hang from timber 100x50mm, 75x50mm and 50x50mm fences, pipes and can be attached to walls.
- Cable grip is UV stabilized for outdoor use.
- Hi Vis Yellow ensures high visibility to workers
- Cable Grip is rated to hold a maximum weight of 20 kilograms. Joining multiple hooks together does not increase the maximum holding weight.
- Cable Grip is **Made in Australia** from high quality glass filled polypropylene

MULTI CAPS - Bag 10

Patent No: 2013100948

- **MULTICAP** is a uniquely designed product. It is designed to fit over star pickets and allows fence wire to pass through the cap and star picket when in place
- **MULTICAP** is designed to fit on both 12mm and 20mm reo bar
- **MULTICAP** has a unique securing system on star pickets and can be applied to star pickets by hand in most cases
- Once fitted to a star picket, **MULTICAP** is securely locked in place, ensuring it will be difficult to be removed by the elements
- **MULTICAP** is manufactured in a hi-vis orange colour as an added safety feature to stand out on building sites, work sites and rural areas
- **MULTICAP** is manufactured from a strong co-polymer polypropylene
- **MULTICAP** is reinforced on the top and the base to give extra strength
- **MULTICAP** has a moulded impression of the star picket on top which allows for correct fit on star pickets
- **Made in Australia**

HARD HAT HOLDER KITS

Tuffgard Kits (Helmet + Hard Hat Holder)

TUFFGARD

These kits have been designed specifically for the following Work Health and Safety Roles:

- Chief Warden
- Deputy Chief Warden
- Area Warden
- Warden
- First Aid

The helmet colours and titles are as per the Australian Standard, they have been placed in our Cap Grip Holder for ease of storage and attachment to office equipment such as filing cabinets and metal stationary cupboards. They can also be affixed to timber and plasterboard walls using the appropriate anchors. The helmets are also available individually with printed logo.
