

WELCOME TO OCC APPAREL

EST. 2004

Since 2004 we have focussed all our energy on providing our customers with the world's best garments, fabrics and printing methods whilst maintaining our core belief of true sustainable and ethical practices.

This guide will hopefully outline exactly what we do and how we can work together.

We specialise in helping apparel brands, fashion companies, not for profit organisations, political parties, unions, brands and small and corporate businesses obtain the best quality and most ethical printed garments and fabrics in the fastest turnaround times at the best price.

This is our sole purpose and passion, please read on and let us know how we can help yours.
Please ask us about our discount program for not for profit organisations.

How to place an order or obtain a quote!

Request an order form by emailing sales@occapparel.com.au

Complete the order form

Save & email it back to your sales contact or to sales@occapparel.com.au. Please contact us at any time for assistance.

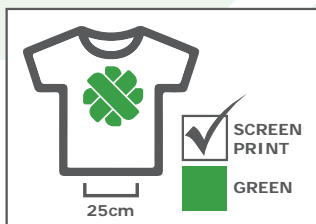

Optional Decorations

If you require printing, relabelling or other decorations, please supply your labels and print ready art files. For more information please request for Custom Manufacturing and/or Decoration & Finishing PDF.

Quote Confirmation

We'll confirm the pricing and email you an official sales order. Double check it's all correct then please process your payment so we can get everything underway. ***Please notify us of any strict deadlines**, or else standard timeframe applies.

Mockups

We will provide you with a professional mock-up of your artwork onto your selected garments.

Stock

Meanwhile, we will organise your stock. If ordering blank garments your order will be dispatched as soon as your stock arrives.

Printing

We aim to complete printing within 10 days of mock-up approval. ***Complex and/or large quantity jobs may take longer to complete.**

Quality Control/ Dispatch

Your order is dispatched once it's undergone Quality Control. Once dispatched you will receive tracking information for the delivery of your order.

Certton®

Our purpose is simple.

Provide the workers at our Sydney Factory with a safe, clean and enjoyable working environment, pay them a fair wage, supply them with our high quality Australian made fabric, knitted from 100% organic cotton and our Australian made t-shirts will be the best in the world.

A combination of the ultimate cut and the finest 100% organic cotton fabric is the foundation which constructs our bestselling t-shirt. Whilst incorporating the brands core belief of true sustainable and ethical practices, Certton garments are manufactured in Sydney, Australia

We stock a range of classic styles and colours which we manufacture in our factory. Other colours can be custom made for a minimum of 100 per style and we can add your custom label to your Australian made garments.

We're certain of the quality of our t-shirts, fabrics and working conditions, you can be too.

OCC APPAREL
Since 2004

GLOBAL BRANDS

We have selected the world's leading t-shirt brands to distribute as they share our belief in ethical manufacturing and in offering superior quality products. They all offer a wide variety of styles that are built for customising with your branding.

These brands hold stock in high volume so opting for an ethically made garment has never been so easy and affordable. Perfect for printing, embroidery and relabelling, your finished garments can be at your door within a matter of weeks.

With no minimum quantity to meet, great styles, eco friendly and sustainable fabrics available you are sure to find something to suit your needs

Let your garments speak volumes about your brand and leave a lasting impression.

- ✓ 100% ORGANIC PRODUCTS
- ✓ VERIFIED ETHICAL MANUFACTURE
- ✓ 90% REDUCED CARBON FOOTPRINT

OCC Apparel partnered with **Earth Positive** in 2010 as their official Australian distributor as a perfect complement to our existing business philosophy. Manufactured in a world class, environmentally friendly factory that produces 100,000 garments a week, Earth Positive represents exceptional value for money for our customers when considering its environmental and ethical credentials.

Earth Positive is a **green revolution** in promotional apparel: Climate Neutral Clothing.

Organic and ethically made, but crucially is manufactured solely using sustainable energy generated from wind and solar power. **Earth Positive** apparel is made to demonstrate the highest possible environmental, social and ethical standards. It has been calculated that a single **Earth Positive** t-shirt saves around 7kg of CO₂, whereas a hooded sweatshirt saves up to 28kgs of greenhouse gases! In January 2008, Continental Clothing Co. Became the first brand in the world to calculate the carbon footprint and place the Carbon Reduction label on textile products.

OCC Apparel offers FAIR SHARE, a brand that gives back to the community who are the heart of the manufacturing process of the brands that we love to wear and enjoy. More of the profit from these blank garments provide additional wage to support their living.

FAIR SHARE fashion offers quality products and offer more benefits to the workers.

The aim of the FAIR SHARE project is to pay all the workers a living wage. To make this happen, we conducted a survey with the workers and a local NGO. We wanted to find out how much money a family with two adults and two children needs for a decent standard of living in their community in India.

Most garment workers are employed on the legal minimum wage, which is usually much below the living wage level. They earn more as they become better qualified and occupy more senior positions. However, even then they still do not earn as much as they need for a decent standard of living.

Since the start of the FAIR SHARE project in January 2016, all the workers receive a living wage premium with their monthly wages.

The project so far only takes around 10% of the factory's production capacity, so for now everyone receives extra 650 rupees. This is not a living wage yet, but if we can extend the project, every worker will get at least the living wage.

SALVAGE

OCC Apparel is committed to offering the Australian market the most innovative ways of reducing wastage and minimising the impact on the environment of the apparel sector. Salvage offers a range that adheres to this philosophy without costing the earth.

Salvage

Salvage turn trash into treasure by refashioning waste into an inspirational style.

garments are manufactured from 100% recycled materials. The cuttings from organic textile production are shredded and turned back into soft organic cotton fibres. Fibres made from locally recycled plastic bottles are added to the soft cotton fibres to obtain the organic cotton and polyester blend. The blended fibres are then spun into fine yarn to make the fabrics into a variety of coloured melange heathers.

Offering tee's, sweats and totes, Salvage is ethically manufactured in India from 60% Organic Cotton and 40% Recycled Polyester.

CONTINENTAL®

OCC Apparel has its own manufacturing facility in Sydney and manages offshore production for our clients.

As we understand the complexities of custom production and fabric development, Continental offer our clients an easy way to create or expand their own range of fashion forward garments that are in stock and ready to be customised at our factory within 10 days.

Continental's focus is on creating high quality, expertly styled and ethically made garments for fast fashion, quick to market retail brands.

Continental Clothing Company has a zero tolerance policy with regard to following social responsibility criteria. They offer a range of high end blank garments in singlets, crops, tee's, sweats and hoodies made in Turkey. Their garments come in cotton, bamboo and tencel and are ideal for rebranding.

To ensure that Continental Clothing have made transparent their manufacturing supply chain with independent audits by the non-profit NGO the Fair Wear Foundation'.

ANVIL[®]

OCC Apparel offers ANVIL[®], a brand that celebrates the unique nature of its consumers and their freedom to express themselves. A fashion brand designed to fit and wear with ease, ANVIL[®] is reflective of your modern lifestyle. Versatile, the product contours to you. More than tees, ANVIL[®] provides you with the ultimate fashion wardrobe staples.

ANVIL[®] dares to be different, encouraging you to honour your individual personality and style.

ANVIL[®] is a brand that innovates, and the fabrics that make up our collection provide a full spectrum of options to suit any aspect of your individual life. All of our fabrications are decorator-friendly, boasting a high stitch density for a smoother printing surface to yield a wide variety of successful printing solutions. Tri-Blends are softer than ever with a balanced blend of polyester, combed ring spun cotton and rayon, offering superior comfort in a semi-fitted silhouette. Our new Black fabrication is debuted in a premium enzyme wash tee unlike any you've seen before. Made with ultra-soft, ring spun and combed ring spun cotton, our Lightweight and Midweight t-shirt fabrics are as much about maintaining the perfect "just right" weight as they are about achieving perfect softness. Warm up to our Fleece with a combed ring spun cotton/polyester blend, which is cosy but functional, keeping you on the go, wherever life takes you.

At this current time we are able to offer;

- 6750 / Adult Tri-Blend Tee
- 6750VL / Women's Tri-Blend V-Neck Tee
- 6755 / Adult Tri-Blend 3/4 Sleeve Raglan Tee
- 6751 / Women's Tri-Blend Racerback Tank Tee
