

BETTER BY DESIGN

Powerwincher Electric Winch Handle

The **Powerwincher** electric winch handle will improve your sailing experience by making sailing easier, safer and more enjoyable for all sailors no matter how experienced they are.

The **Powerwincher** simply takes the place of a conventional manual winch handle and does the hard work for you. The **Powerwincher** will save you an enormous amount of money by not having to electrify all your winches. **Powerwincher** is great value in the world market.

- Powerful and Robust
- Australian Made product
- Powered by genuine Milwaukee 5.0 battery
- 240 volt or 12 volt Milwaukee battery charger
