OzGlide

Fitted With

Smoother, Safer Ride

The Oz Glide is an Australian tow hitch dampening system which offers a smooth ride in both the tow vehicle and the caravan, trailer or horse float.

- ✓ Smoother ride
- ✓ Absorbs shock
- ✓ Increase safety
- ✓ Improves wet weather towing and steering
- ✓ Meets Australian Design Rules for 3.5 tons.
- ✓ NATA accredited
- ✓ Easy installation

The Oz Glide reduces the downward impact on the tow ball & thereby delivers increased safety & comfort for both the driver & passengers while reducing stress to your van & towing vehicle. Also available for horse floats & trailers.
